Dear Sir

It is with regret that I am obliged to enter complaint of one (Mr. John Corman) of the employees of you staff at the above named, but under the circumstances are compelled to, having tried all other means and accepted his own promises which he did not comply with nor fulfil. Further more I do not think it the duty of law-abiding and tax paying citizens to keep a man in a public position of trust who will not pay for the necessaries of life which kept body and soul together, but squanders his salary or income for rum. Enclosed please find statement of his account for groceries, meats & provisions while in said business at S.W. cor. 8th & Wallace Sts.

Hoping you will endeavor to see me righted.
